ENDORSED BY

NO SALE CREDIT POLICY

Bonnydale Black Simmentals continues its policy of not utilising sale credits, therefore prospective buyers at Bonnydale's Annual On-Property Bull Sale can bid with confidence and rest assured no one bidding at the sale has a credit inducement providing them with an unfair bidding advantage.

SALE DAY SAFETY DISCLAIMER

Please be advised when entering the pens people must be aware of the potential risk involved and enter at their own risk.

Children under the age of 16 are not permitted to enter the pens on sale day. Visitors must use common sense when entering the pens and be mindful of all the bulls in the pen and other visitors inspecting bulls.

While all care has been taken when selecting bulls for sale to ensure quiet temperament under normal handling circumstances they have not been accustomed to large numbers of people in their vicinity.

Bonnydale and Elders staff will be available on sale day to assist you when entering the pens or to move the bulls closer should you prefer to inspect the bulls from outside the pens.

LUNCH AND REFRESHMENTS

Inspections begin at 10.30am, complimentary morning tea is available.

A complimentary roast beef lunch and refreshments will be available from 12 noon prior to the sale start at 1.00pm WST.

Complimentary refreshments will follow the sales completion, we hope you will join us.

AGENTS REBATE

A 3% rebate will be paid to any outside agent who introduces new clients to the stud in writing to both the vendor and Elders 24 hours prior to the sale.

The agent must accompany and assist their client on sale day.

FREE DELIVERY AUSTRALIA WIDE

The vendors will provide free delivery, to all mainland states, for bulls purchased at auction.

In WA the vendors will deliver bulls as soon as possible after the sale to the purchaser's property.

Interstate deliveries will be undertaken by Quicksilver Transport to the buyer's property where possible or the nearest saleyard depending on the transport route.

BONNYDALE'S HERD PROTOCOLS

All bulls semen tested by Nutrien Breeding Services.

All bulls will have been ultrasound scanned by Max Bowman prior to sale.

All bulls carry the Zoetis Immune Ready protocol and tested negative for BVDV.

All bulls vaccinated with 7in1, Pestiguard, Vibrovax, Longrange (Botulism), Bovillus and Rhinoguard.

All bulls drenched with Cydectin Platinum on 8th February 2023.

Bulls destined for Queensland will be vaccinated free of charge for 3 Day Sickness and Tick Fever where required.

BULL GUARANTEE

All bulls are guaranteed for temperament, structural soundness and fertility for a period of two years, the exception being if the problem is caused by injury or disease.

Customers are asked to contact Bonnydale as soon as an issue arises. If the bull needs to be replaced Bonnydale will select an appropriate replacement commensurate to the breeding and value of the bull to be replaced.

INSURANCE

Ownership of the bull transfers at the fall of the hammer. The vendors will take all care and no responsibility until the bulls are delivered.

We recommend insuring your purchase on sale day at the conclusion of the auction. An Elders Insurance representative will be in attendance.

Time To Stand and Deliver

Welcome to our 28th Annual On-Property Bull Sale to be held on Monday 11th March 2024.

It is with great pride and pleasure we present our most outstanding offering yet of elite Black Simmental and Simangus bulls. These young sires are testament to our commitment to leave no stone unturned to provide the commercial beef industry with world class genetics to advance customers herds. It is an understatement to say that 2023 was a tough year for beef producers. As usual it is the cow calf producers and the suppliers of grass-fed yearlings, without contracts, that have borne the brunt of the diabolical prices on offer. Even more frustrating is the significant discount placed on heifer weaners over the steers.

Even though we are in some tough times, pricing and season wise, the outlook is positive and that is why we continue year in year out in this long-term game of farming. The continued solid rains in the East and the outlook for prices is very encouraging and now is the time to take a hard look at our breeding programs to ensure the future has additional security from a productive herd.

At Bonnydale we continue to invest in genetics to elevate our herd to new levels, which in turn delivers superior sires for our customers. In September, Rob and Di travelled to the USA where they caught up with Willie Altenburg and together did an extensive road trip visiting many Simmental Seedstock operations. First on the list was catching up with Darby Line, principle of our USA alliance herd, Triangle J Ranch. Apart from inspecting an impressive cow herd they were able to inspect the sire we purchased a share in, earlier in 2023. TJ Gold Rush 506K was even more impressive than they thought. With an exciting set of EPD's, including top 15% IMF, he possesses an excellent phenotype and terrific structure and thickness to go with it.

Next stop was to visit the River Creek Farms herd of Joe and Abram Mertz. River Creek Farms purchased a sire we missed out on earlier in the year. Rob was fortunate to secure the Australian semen rights to this incredible young sire, Ruby's Quadrant 210K. An impressive thick made specimen with impeccable structure and overall phenotype and all bar two EPD's in the top 20% (IMF top 10%), including top 3% All Purpose Index, and top 1% Terminal Index. He will be used extensively in our 2024 AI program.

Discussions with breeders in the USA revolved around the need to deliver top end marbling (IMF) while maintaining overall thickness to ensure both carcass yield and quality are maintained as priorities. With Angus cattle focusing heavily on IMF, many believe they have lost thickness and carcass yield, and this is where Bonnydale bulls can deliver increased productivity while maintaining IMF. East coast processors are calling for a change to the Angus program definitions to 50% Angus content while maintaining a black coat, as is the case in the USA. The poultry, sheep and pork industries have embraced hybrid vigour for decades which has allowed for significant productivity gains in those industries. The purebred culture prevailing in many Australian beef herds needs to change for improved productivity and profitability and for the betterment of the beef industry.

For those that have not already done so, we see this as a great time to move into crossbreeding using Bonnydale Black Simmental genetics which deliver calving ease, powerful growth, maternal superiority and carcass excellence including high end marbling. If a producer isn't game to jump straight into a purebred Black Simmental sire for their program, then Bonnydale has the answer. Bonnydale Simangus are the perfect composite breed to deliver enough hybrid vigour with progeny fitting easily into Angus programs. The value of low yielding, light weight Angus heifer weaners is dismal, but a Simangus (Black Simmental x Angus) heifer has proven to perform far better, with feedlot and grass performance close to that of steers.

As with our commercial Simangus weaners, our 2024 sale bulls have come through the tough season with style. New sires with sons on offer: TJ Gold 274G, the super calving ease and marbling sensation, LCDR Favor 149F the power sire with docility and an IMF and EMA combination hard to beat, and LCDR Progressive who delivers on calving ease, powerful growth, IMF and EMA. Our homebred sires: Rock N Roll, Revenue, Rawhide, Quaker, SA Hector, and Texas Powerplay continue to provide exceptionally performing progeny and the sale team is well represented by these stalwart sires. The majority of the sale team deliver an average top 30% IMF, or better, with the usual grunt you have come to expect from Bonnydale sires.

All bulls come with: Parent Verified pedigrees, Genomic Enhanced EPD's, ultimate health protocols, and unsurpassed after sales service and guarantee.

Purchasing a Black Simmental or Simangus sire from

2019 - INTROVIGNE FAMILY

Back; Tyson, Julie, Nathan, Stella, Rowen, Cora & Diane.
Front; Mike, Rita & Rob.

Emma Patterson & Jake Berghofer, partners and managers of Bonnydale QLD continue to grow the Queensland herd and develop the brand in that state.

Bonnydale will ensure you have all the answers to the ultimate combination of calving ease, powerful growth, maternal excellence, thickness, docility, elite marbling and muscle, delivering improved profitability, while benefiting from the black coat premium evident at every sale yard.

We look forward to you joining the Introvigne family on Monday 11th March for lunch prior to our 1.00PM sale.

Regards

The Bonnydale Team

LCDR - Favor 6 sons sell

LCDR - Progressive 7 sons sell

TJ Gold - 9 sons sell

AuctionsPlus

How to Register and Bid on AuctionsPlus

1

Go to **www.auctionsplus.com.au** to register at least 48 hours before the sale.

2

Select **"Sign Up"** in the top right hand corner.

3

Fill out your name, mobile number, email address and create a password.

4

Go to your emails and confirm the account.

5

Return to AuctionsPlus and log in.

6

Select **"Dashboard"** and then select **"Request Approval to Buy"**.

7

Fill in buyer details and once completed go back to Dashboard.

8

Complete buyer induction module (approx. 30 minutes).

9

AuctionsPlus will email you to let you know that your account has been approved.

10

Log in on sale day and connect to auction.

11

Bid using the two-step process – unlock the bid button and bid at that price.

12

If you are successful, the selling agent will contact you post sale to organise delivery and payment.

VENDRO TEDDERS & SWADRO RAKES

KRONE SWADRO RAKES

- The TC/TS Multi Rotor range with working widths up to 19m in centre or side delivery.
- Single rotor working widths 3.5m - 4.6m.
- Exceptionally strong frame for high stability and durability, setting the benchmark for four rotor raking
- Full enclosed gearbox with dry cam track design - no oil leaks.
- Your choice of height adjustment - mechanical or fully electric from the cab.
- New TC1370 four rotor rake with hydropneumatic suspension, integral Soft-Down drop rate control, new tyre size of 710/35 R22.5 and new very wide rotor tyres of size 16x9.50-8.
- All new is the TC1250 all mechanical four rotor rake with 12.5m working width

KRONE VENDRO TEDDERS

- New 'Vendro' linkage tedder range available with working widths from 4.6m to 11.2m, replacing the existing KW linkage tedder range
- New features include Krone OptiTurn rotors with OptiTurn curved tine for optimum throw of crop, ensuring clean high-quality forage
- Features the heaviest square tube frame on the market, with the gearbox installed under the frame to maintain strength in the frame and remove any stress
- Krone's OctoLink clutches are always in mesh for full power and do not require greasing

For more information on the Krone range, contact the team at Bunbury Machinery today.

Engineered by Australians for Australians

Introducing the AUSMIX TMR Feed Mixers to Bunbury Machinery as part of our existing Feedlot range. AUSMIX offers both Single & Twin Screw mixers, ranging from 8m³ to 32m³.

The AUSMIX Twin Screw models are represented by four models ranging from 20m³ and 32m³ capacity respectively. The Twin Screw models come with two Fibre-X augers with integrated razor-sharp knives made from heat-treated tungsten carbide. With its larger tub capacity and bigger auger coverage, it will correctly process fibre, straw, silage, hay, forage, grain or heavy wet rations to produce a perfectly mixed TMR that will give your livestock the nutritional edge in terms of productivity and excellent herd health.

Aside from holding more fodder, this Twin Screw Mixer also boasts a faster mixing time and can quickly chop down and process large hay and silage bales. The floors and augers boast heavy-duty steel plates with a thickness of 20mm while the tub boasts a 10mm thick wall to ensure long-lasting performance even against the most adverse conditions.

The AUSMIX comes equipped with an Italian built two-speed gear and planetary gearboxes that are made from premium steel so it can easily handle heavy loads for long periods with ease.

For more information, contact the team at Bunbury Machinery today.

Phoenix Insurance Brokers Pty Ltd has been providing insurance broking services to Western Australian businesses since 1989. Over time, our personalised service has made us one of the state's largest and most trusted local brokers. While insurance is our business, our philosophy is about people and building strong, solid relationships with them. We partner with our clients to achieve the best possible outcomes, for them, their families and their businesses.

For a no nonsense approach to insurance, call Murray, Madde or Ashton.

Kubota®

KUBOTA M7-2 SERIES

The M7-2 Series is available in three models: Standard, Standard Deluxe & Premium. The Standard range features Kubota's 130-170HP Tier 4 engine plus proven and versatile transmissions in all models. This series is specifically designed for the farming professional who wants a versatile and hard-working tractor. Straight forward controls combined with a powerful drivetrain make the M7-2 Standard models a popular choice.

The M7 series is powered by a next-generation 6.1 litre, four-cylinder diesel engine, incorporating Kubota's clean-air technology. The choice of a 30 speed semi-powershift or a Kubota variable transmission lets you find the right gear for every task.

With a Special Kubota Super Sale in January 2024, now is the time to contact the team at Bunbury Machinery to discover how you can purchase your own M7.
