Bonnydale - Proven Powerful Predictable Genetics

The Bonnydale team continues to build a legacy for future generations.

Rob and Mike have applied the same principles as their parents: a legacy built on hard work, patience, dedication and an unwavering and passionate commitment to agriculture.

Welcome to our 7th Annual Roma Bull Sale catalogue featuring a superb line-up of quality sires.

2026 has seen mixed seasonal conditions across the country with parts of Queensland and NSW experiencing some tough conditions while others have been on a high. The current cattle market has provided some stimulus to the bottom line which enables producers to invest in their beef businesses. Let's hope the market continues and the rain arrives on time.

Our seventh annual offering has all the hallmarks you've come to expect from the Bonnydale brand.

Bonnydale's reputation is underpinned by the principles of the "Triangle B" brand, recognised for integrity, innovation and investment.

These three principles guide every facet of the Bonnydale stud program

Elite genetics that continue to perform right across Australia in all environments. You will note the testimonials in the catalogue which confirm what we hear from clients right across the country.

This year's offering includes 51 sires bred and raised at our Western Australian stud and 12 bred here in Queensland. The WA bulls were delivered to Jake and Emma's, Moffatdale property, in March providing the usual climate adaption process. The Queensland based bulls have grown up in this environment which is somewhat tougher than what the WA bulls experience.

The WA bred bulls have higher weaning weights due to the favourable growing conditions which translate into excellent weight for age at weaning. This allows their transition into the Queensland environment without performance restriction. The Queensland bred and raised sires have been through a tougher variable climatic process, but the genetic makeup is no different to their WA bred cousins.

At Bonnydale we continue to focus on key areas that differentiate Bonnydale from the rest of the pack. High end USA genetics that deliver sleek coated cattle that are adaptable in all environments. Built in calving ease complimenting powerful growth, means there are no restriction to where these genetics perform. A strong focus on balanced carcase traits enabling muscle expression combined with top end marbling, which in many cases is comparable to Angus. These important traits have been confirmed in thousands of grass fed and grainfed progeny, both steers and heifers.

The culmination, of this drive to deliver carcase quality, was achieved at the 2025 Perth Royal Show with Bonnydale's charity steer claiming Reserve Champion

Heavy Weight steer on the hoof and Champion Heavy Weight steer on the hook. The steer, named Winston 18 by the Black Dog Ride charity, was a three quarter bred Black Simmental out of a Simangus cow. At 18 months of age he weighed 584kg live and dressed at 58.8% with a marble score of 3. Winston 18 sold for \$18,000 to Western Meat Packers.

Bonnydale Quadrant W198 leads the team, an exceptional Ruby's Quadrant son.

Ruby's Quadrant sons have sold to average \$16,000 to date with Bonnydale having the Australian rights.

Quadrant W198, is a genuine stud sire prospect with impeccable structure, length and capacity.

He carries an impressive and balanced Genomic Enhanced EPD profile with a powerful pedigree enabling him to deliver on what he promises.

All bulls have been semen and morphology tested and tested negative for BVDV.

All have been vaccinated with 7in1, Pestiguard, Vibrovax, Longrange, 3-Day and Tick Fever.

All bulls are guaranteed for temperament, structural soundness and fertility for a period of twelve months excluding injury or disease.

We look forward to seeing you at Roma on Wednesday 30th September 2026.

Regards

The Bonnydale QLD Team

EPD Information

Bonnydale has been utilising Estimated Progeny Differences (EPDs) for many years with every calf born exposed to the same diligent DNA process to provide improved genetic predictability and pedigree assurance.

EPDs are the most accurate and effective tool available for comparing genetic levels as they account for the genetic ‘half’ that an animal passes onto it’s progeny (half from the sire, half from the dam) as opposed to an EBV which is an animals own genetic value for a particular trait.

In using EPDs, the difference between two sires’ EPDs represents the unit difference expected in the performance of their progeny. For example, if sires A and B have EPDs of +10 and -5, a 15-unit difference would be expected in their progeny.

Though EPDs allow for the comparison of genetic levels for many economically important traits, they only provide a piece of the economic puzzle. Through well-conceived, rigorous mathematical computation, \$ indexes blend EPDs and economics to estimate an animal’s overall impact on your bottom line.

All-Purpose Index (API): Evaluates sires for use on the entire cow herd, bred to both first-calf heifers and mature cows and assuming a self replacing herd with a portion of their daughters required to maintain herd size retained and the remaining heifers and steers put on feed and sold. Expressed as dollars per cow.

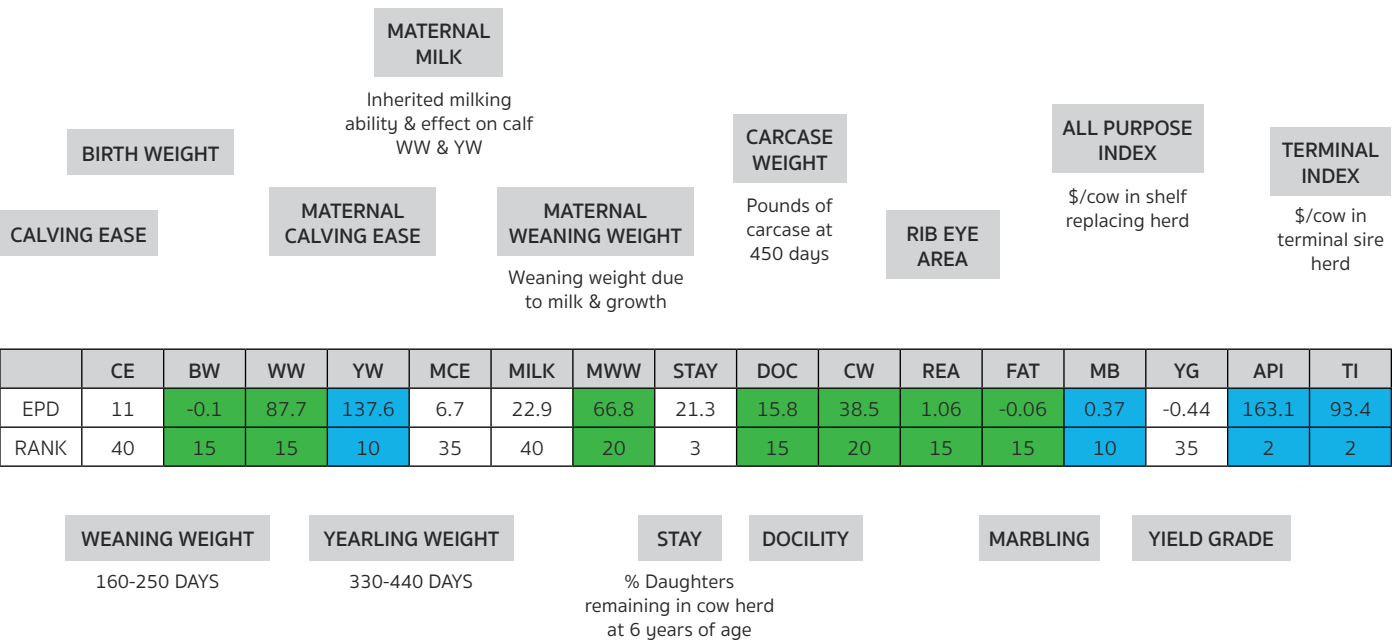

Terminal Index (TI): Evaluates sire for use on mature cows with all offspring put on feed and sold. Dollars per cow exposed under a Terminal sire scenario.

SALE DAY SAFETY DISCLAIMER

Please be advised when entering the pens people must be aware of the potential risk involved and enter at their own risk.

Children under the age of 16 are not permitted to enter the pens on sale day. Visitors must use common sense when entering the pens and be mindful of the bulls in the pen and other visitors inspecting bulls.

While all care has been taken when selecting bulls for sale to ensure quiet temperament under normal handling circumstances they have not been accustomed to large numbers of people in their vicinity.

Bonnydale, Elders and GDL staff will be available on sale day to assist you when entering the pens or to move the bulls closer should you prefer to inspect the bulls from outside the pens.

OUTSIDE AGENTS REBATE

The vendors agree to a 4% rebate to outside agents introducing new clients who attend the sale with, or buy on behalf of, their clients and settle within 7 days. 2% rebate to outside agents introducing existing approved buyers to the vendor prior to the sale and who attend the sale with, or buy on behalf of, their clients and settle within 7 days of the sale. (This clause will be strictly enforced by the vendor).

BULL DELIVERIES

We take personal interest in the efficient delivery of all stock after the sale. Elders Roma will be handling the delivery of sale cattle. We offer Freight Assistance within 200km of Roma and to major centres including CQLX, SBLX and Barcaldine. Please talk to Emma Patterson M:0429 622 809 prior to the sale.

TAKING DELIVERY OF YOUR NEW BULL

Please ensure you have at least one animal in the receival yard when your new bull arrives. This will ensure your new purchase has company upon arrival. These bulls have been with their mates for a long time and have not been separated on their own before.

BONNYDALE'S HERD PROTOCOLS

All bulls semen morphology tested
All bulls ultrasound scanned by David Reid prior to sale
All bulls tested negative for BVDV

All bulls vaccinated with 7in1, Pestiguard, Vibrovax & Longrange Botulism. All bulls are 3 day and tick fever vaccinated.

BULL GUARANTEE

All bulls guaranteed for temperament, structural soundness and fertility for 1 year, the exception being if the problem is caused by injury or disease.

Customers are asked to contact Bonnydale as soon as an issue arises.

INSURANCE

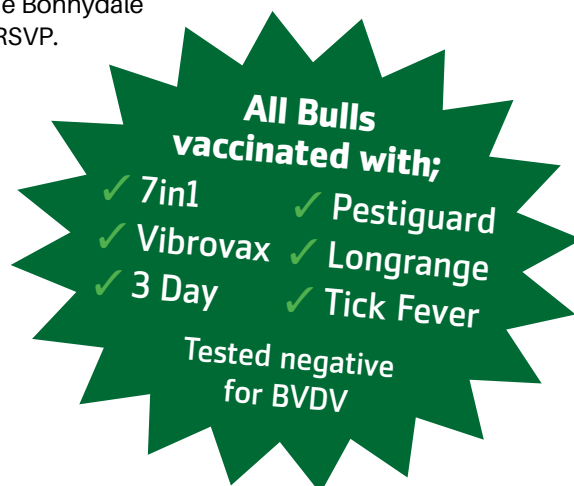

Elders can no longer accept any written instructions for any insurance requirements on Stud Stock animals. On the fall of the hammer, the purchaser becomes the legal owner. Please contact your own insurer direct.

PRE-SALE DINNER

The Bonnydale team extend an invitation to those attending the Bonnydale Old Bull Sale to join us for dinner in appreciation of your support.

7pm on Tuesday 29th September 2026 (evening before the sale) at Carriages Restaurant and Steakhouse, Overlander Homestead Motel, Roma.

Please contact the Overlander Motel on 07 4622 3555 or one of the Bonnydale team to RSVP.
